M&K Ministry has a new home!

Sixteen years ago, God set into motion a series of events that launched M&K Ministry, with our mission statement "*Redeeming the past through prayer.*" Our focus was on ministering to hurting and wounded Adult Missionary Kids. If you're interested in reading our story, Minna Kayser and I chronicled our incredible God-journey in *Diamond Fractal* (available from Amazon in paperback and Kindle).

Our stories began in Africa under SIM, our parents' mission board, and it was through SIM's initiative that we became a project under the umbrella of their organization where tax-deductible donations could be made. We used those funds to enable SIM missionaries and AMKs to receive ministry free of charge.

Over the years, though our passion for ministry to AMKs has remained paramount, God expanded our connections to include many others outside the SIM family. It became apparent to us that we needed to move to an umbrella organization that would allow for a wider scope of ministry recipients. We are excited to announce that M&K Ministry has found a new home. **We are now established as a not-for-profit corporation** and operate under Grace Thru Faith Ministries Inc, a registered 501(c) (3) tax-exempt organization.

Though our ministry has expanded, our vision has not changed.

- Restoration to a right relationship with God
- Recovery from emotional wounds and renewing the mind
- Reconciliation for broken relationships
- Regeneration for broken homes and impact on future generations

Know someone who wants to receive ministry?

As a nonprofit organization, we do not charge for our services. However, we do have on-going expenses and a need for assistance for many who have limited resources. A suggested tax-deductible donation according to their ability to give is expected and appreciated. Unless the individual is a minor, our policy is that those requesting ministry need to contact us directly themselves.

All tax-deductible donations should now go to:

**M&K MINISTRY
