SCHOOLING. Our first experience with and training in inner healing prayer in 2001 was with Transformation Prayer Ministry (transformationprayer.org). This year our team trained in a newer therapy model called HeartSync (heartsyncministries.org) and have found it be very effective. Everything we learn continues to build on the foundation we were first taught, and every experience we have praying with hurting people draws us closer to the Master Healer.

STATISTICS. Collectively the 3 of us logged in 822 hours of ministry with 33 people. This included 4 sessions with clients at The Branches Counseling Center and 4 Intensives (3-7 days of focused prayer). This second year of our ministry as a nonprofit was underfunded by \$18,000.

STORIES. A young boy Jimmy was delivered of suicidal thoughts. Teenage Mimi strengthened her resolve to remain sexually pure, and Susie was released from a demonic stronghold. Sadly, Connor decided to remain in the occult, but Farina continues to push hard against it. Kathy continues to struggle with overwhelming fear. AMK (Adult Missionary Kid) Julie worked through issues related to going overseas as a missionary, and missionary Henrietta strengthened her marriage. Rachel released some deep-seated anger, and Naomi uprooted her childhood guilt and shame. Our joy is to hear God speak truth to each heart and to hear responses such as "I feel so much lighter; the fear is gone; He lifted the shame; I slept for the first time through the night . . ."

AMK Bonnie wrote: Thank you so much for the life-changing 45 minutes on Wednesday. I feel great relief. I've carried this burden for over 50 years! I've noticed that I just don't struggle any more with controlling my anger and frustration with people. I can't really explain how different it feels. It's huge! I haven't had to use self-control because my responses are not the same. I'm so free of the anger I didn't even recognize I had!

SUPPORT. For those who would like to partner with us prayerfully or financially, there are several ways to support us.
